

Multi-Purpose Room Usage

We have previously (see Attachment 1 to the Staff Report produced for the April 24, 2006 meeting) provided a comprehensive description of all of the functions that will take place at Kol Shofar following the proposed renovation and expansion of facilities

Many of those described functions have been going on for years at the Synagogue. Few are new and only those that are new are the subject of the Environmental Impact Report for the CUP currently before the P.C.

In response to the request of Mr. Kunzweiler for a complete list of the functions that will take place in the Multi-Purpose Room we have produced the list below.

Please note that with the exception of those functions described below as new, all events currently take place at Kol Shofar, and have for years, although in drastically inadequate space.

New Events

New Shabbat Dinners (Friday nights)—an increase in these dinners from current 25 per year to 30 per year- already described in Attachment 1.

Life Cycle Celebrations Saturday and Sunday Evenings

High Holy Days—as previously indicated, the Multi-purpose Room will be used for religious services on Rosh Hashanah and Yom Kippur concurrently with services taking place in the sanctuary.

Current Functions That Have Been Taking Place at Kol Shofar For Many Years

Friday Night dessert and coffee after religious service
Friday Night Music/Dance once a month after musical service
