

## **ENCROACHMENT PERMIT SPECIAL PROVISIONS (WORK IN TOWN STREETS)**

1. **Traffic Control:** On all Town Streets, one lane of Traffic in each direction shall be maintained at all times, unless otherwise approved by the Town Engineer. All traffic control shall be in accordance with Cal Trans standards.
2. **Work Hours:** Hours of work are limited to 8:00 a.m. to 5:00 p.m. Work will not be permitted on weekends or legal holidays unless approved by the Town Manager.
3. Trench restoration shall be Type "B" in the unpaved shoulder area and Type "D" or match existing, whichever is greater, in the paved road section per Uniform Construction Standard (U.C.S.) Dwg. No. 991
4. Whenever the existing pavement between the edge of pavement and the trench is less than 4 feet wide, that section of the pavement shall be removed and replaced as part of the trench restoration.
5. Permanent trench paving shall be completed no later than five working days after backfilling unless extensions are granted in conformance with a "pavement restoration schedule" approved by the Town Engineer.
6. Certified compaction test (at maximum 100 ft. spacing ) results shall be submitted to the Town Engineer prior to final paving.
7. The pavement along the entire project length shall be cleaned of all mud, dirt, gravel and debris at the end of each working day.
8. No trenches shall be left open overnight unless they are completely covered by traffic rated steel plates.
9. Curb, gutter and sidewalk restoration shall be in accordance with the U.C.S. Dwg. No. 101
10. Safety equipment, as provided by the contractor, shall include barricades with flashers, cones, delineators, flagmen and warning signs. Type and placement of all safety equipment shall conform to Cal Trans standards and shall be subject to review and approval by the Town Engineer.
11. Access shall be provided at all times to properties within or near the construction area.
12. Traffic striping and/or pavement legends damaged during construction shall be temporarily replaced at the end of each working day and permanently replaced upon completion of paving.
13. Failure to comply with the conditions of this permit or to maintain traffic control in a safe manner shall be cause for the immediate shut down of work.
14. The Contractor and/or Permittee will be responsible for the work authorized by the encroachment permit for one year.
