Tiburon, CA 94920

Planning Commission Meeting
March 24, 2010
Agenda Item: **3**

STAFF REPORT

To: **Members of the Planning Commission**

From: **Community Development Department**

Subject: **Consider Recommendation to Town Council to Accept the Annual General Plan Implementation Status Report for Calendar Year 2009**

BACKGROUND

Government Code Section 65400(b)(1) requires that an annual report be prepared by the planning agency of each town or city, which is then forwarded to the appropriate legislative body, on the status of the General Plan and progress in its implementation. In Tiburon, the "planning agency" is the Planning Commission.

The statute also requires a progress report on meeting the community's regional fair share housing allocations.

State law also requires that the annual report be forwarded to the State Department of Housing and Community Development (HCD) and to the Governor's Office of Planning & Research (OPR) in Sacramento by April of each year.

ANALYSIS

The Planning Commission ("planning agency") last reviewed the General Plan Annual Report on April 8, 2009. Progress by the Town in the implementation of General Plan programs since that time is summarized in attached **Exhibit 1**.

Since the last review of the annual report in 2009, Staff has identified a few implementation programs (excluding Housing Element programs) for abandonment. These programs are as follows:

- LU-f
- C-d
- C-e

Staff recommends that the Commission review these specific implementation programs for possible abandonment. Staff notes that Housing Element programs will all be reviewed and re-evaluated as part of the comprehensive update later this year.

RECOMMENDATION

Staff recommends that the Planning Commission review the draft Annual Report, make any desired revisions, and direct Staff to forward the report to the Town Council for acceptance.

Annual General Plan Implementation Progress Report *Tiburon 2020* Calendar Year 2009

Introduction

On September 7, 2005, the Town Council adopted a new General Plan, *Tiburon 2020*. This annual report is the fifth performed since that adoption.

This report generally reviews progress on implementing programs contained within *Tiburon 2020* during the Calendar Year 2009, with certain housing data covering the period 2007-2009. The purposes of this annual report are to:

1. Provide information regarding how the General Plan is being implemented with respect to its adopted implementation programs.
2. Identify any approved or needed amendments to the General Plan.
3. Provide information as to specific actions taken and ongoing strategies and practices to implement the General Plan.
4. Provide information regarding the Town's progress in meeting its fair share of regional housing needs and efforts to remove governmental constraints.

The Annual Report is organized by the eight elements in the General Plan, with a list of each implementing program and the status of that program, in the order that the element and implementing program appears in the General Plan. The eight elements of *Tiburon 2020* are as follows:

Land Use	Safety

HOUSING ELEMENT

I. Introduction.

The Town of Tiburon adopted its *General Plan Tiburon 2020*, including its Housing Element, on September 7, 2005. On December 9, 2005, the California Housing & Community Development Department (HCD) certified the Town's Housing Element pursuant to California Government Code Section 65585.

California Government Code Section 65400(b)(1) requires the Town's Planning Agency to make an annual report to the legislative body, the Office of Planning & Research, and HCD regarding the status of and progress in implementing the General Plan. Further, California Government Code Section 65400(b)(2) requires that the Town prepares a separate report detailing the progress in meeting its share of the regional housing needs and local efforts to remove governmental constraints to the maintenance, improvement and development of housing pursuant to California Government Code Section 65583.

As a condition of certifying Tiburon's Housing Element on December 9, 2005, HCD required that specific implementing programs be completed by April 2006. Over the next several months, the Town prepared the zoning text amendments and rezonings necessary to achieve unconditional certification with Section 65585. On March 31, 2006, the Town Council adopted the final ordinances implementing these programs, and on August 3, 2006, the Town received a letter from HCD unconditionally certifying the Town's Housing Element. The programs implemented by March 31, 2006 included:

- Program 19A regarding development at Key Housing Opportunity Sites, including initiating the necessary General Plan Amendments, rezonings, and other implementing actions to reduce obvious governmental constraints to the construction of affordable housing at sites identified in Tiburon's Housing Plan 1999-2006
- Program H-19B regarding Mixed Use Development Incentives, involving the preparation and adoption of a Zoning Ordinance amendment that incorporates incentives to facilitate mixed use development in commercially-zoned areas in the Downtown, on properties identified in Tiburon's Housing Plan.
- Program H-19C regarding an "Affordable Housing Overlay Zone" Zoning Designation, involving the creation and adoption of an affordable housing overlay zone that incorporates specific sites on which residential densities will be increased up to 100% if a specified level of affordability is achieved.
- Program H-19D regarding Density Bonus Zoning and Other Incentives.

The implementation of these programs, as well as the Town's continued engagement with the property owners who control virtually all of the potential affordable housing sites identified in the Housing Element, is contributing to a positive environment for provision of housing.

II. Progress in meeting Regional Housing Need for the current Housing Element Cycle (January 1, 2007 to December 31, 2014).

A. Town of Tiburon units constructed and lost (1/1/2007-12/31/2009)

1. Total number of housing units finalized: 16
2. Total number of housing units under construction as of 12/31/2008: 10
3. Total number of units lost: 2(Duplex to SFD)

B. Compare units added to regional housing need allocation by income category

Between January 1, 2007 and December 31, 2009, Tiburon lost a net total of 2 units, which were duplex's converted into Single-Family Dwellings. The following table provides an update of the Town's progress in meeting regional housing needs.
